

Catalog 1:

Index of Readers

This index includes all the readers we currently carry . The column "Level" indicates both the level of the book and the list of Readers in which that book can be found:

- 1: Starters
- 2: Beginners
- 3: Intermediate
- 4: Advanced
- 5: Mixed

The column "Page" repeats the Readers list (by number) and follows it with the page number within that list.

A second index of all the other titles in this catalog is included at the end of the catalog. For a comprehensive list of all our titles, look at our Price List, which also indicates which of our catalogs describes the item.
